To,
All Depot Managers,
APSRTC.

Sub:DEPOT COMPUTERISATION PROJECT- GENERATION OF VEHICLE-
WISE CONSUMPTION TO STOINS MODULE UNDER DCP-REG.

&&&

VICE CHAIRMAN & MANAGING DIRECTOR has directed that every Depot manager shall generate Vehhicle-wise consumption Analysis statement and also a new statement giving for 12 months through computers in the STOINS module.The present STOINS module gives the monthly Vehicle-Wise consumption Analysis statement for only one month.The program for generation of vehicle-wise consumption for the 12 months of any year is now made ready by computers department at head Office. The Zonal core group members through a copy of this letter are being instructed to port this program at all the depots, which are computerized so far in the Zone.

As VICE CHAIRMAN & MANAGING DIRECTOR is very particular that this report should be generated and put to use regularly. You are hereby instructed to <u>ensure that the STQINS module is not only implemented but also continued without discontinuing of the same module in any month in future</u>. Any discontinuation will be viewed seriously hereafter.

The new report titled "Cumulative Vehicle wise Consumption Analysis" gives the details of monthly consumption for the 12 months with details like Make. Age of the vehicle in years and kilometers, number of Complete Overhauls (COs) done. For this report to be meaningful and correct, in MTS2 transactions vehicle Nos. should be given without fail and correctly. Also, the VEMAS module should be implemented and the master files should have the correct and full information, as the data regarding KMs., age of the vehicle and complete overhauls, is taken from VEMAS module. It is once again reiterated the importance of the implementation of all the modules and the usage, duly discontinuing the manual reports.

In the light of VICE CHAIRMAN & MANAGING DIRECTOR'S instructions, you are hereby instructed to ensure to instruct the concerned and also bestow your personal attention to see that the above mentioned reports are generated and put to use.

Depot Managers shall take out three copies   each of the monthly.

a)Vehicle-wise Consumption Analysis Statement (for the month)
b)Cumulative Vehicle-wise Consumption Analysis Statement (upto the month)

These Statements will be inspected regularly.
