Dated: 04.04.2000.

To
The Regional Manager,
A.P.S.R.T.C,
_____ Region.

Sub: **DCP** - Technical specification for procurement of Modems at depot -Reg.
-oOo-

During the review meeting of Regional Core Group Members and MIS staff by ED(MIS) and CE(IE&C) at ZSTC/HPT, Hyderabad on 25.01.2000 on RMIS implementation and functioning of modems at depots, RM's offices and ZM's offices, it was informed by the above Core Group Staff that the old modems installed at depots are not functioning at some places as a result the data from depots are sent to RM's office on floppies. For example Narayankhed, Suryapet and Devarkonda depots modems are burnt out and the same are beyond repairs. This is resulting in delay in generating the reports at RM's office through RMIS package and defeating the purpose of project MIS and connectivity.

Regional Managers are advised to review the functioning of modems in the Region and if it is found that the modems delivered and installed by the Head Office are not functioning and beyond repair, it is recommended to procure the modems with the following specifications at your end duly following standard procedures, duly taking the approval of ED(Zone).

Modem Speed	:	56 kpbs
Modem make	:	US Robotics dialup modem
Modem cost	:	(Approx.) Rs.7,870/- (Rupees seven thousand eight hundred and seventy only)
Warranty	:	One year comprehensive onsite warranty including spares.
Installation	:	Installation at site by the firm
Payment terms	:	80% against delivery & successful installation at site and balance 20% after successfully installation and completion of warranty or against submitting of 20% BG to cover value of purchase order and cover warranty period. The above cost includes installation of modem at site and also attend to modem problems at site during the warranty period.
Firm name	:	M/s ACCURA TECHNOLOGIES (P) Ltd., 1-2-63/64, Manga Mansion, Behind Siddamsetty Complex Parklane, Secunderabad, 500 003. Phone 6213306 or 6213307 FAX 7800320.

The source indicated above is recommended presently. However, the source(s) may be changed later if their service performance is found to be unsatisfactory.
