

ANDHRA PRADESH STATE ROAD TRANSPORT CORPORATION

No.ATM(COMP)/Line Drivers (2)-2001-EDP

O/o the VC & MD,
MSRD, Hyderabad,
Dated: 16-1-2001

To
All DMs of Ongole & R.R. Regions.

Sub: **COMPUTERS** - Installation of Computer in depot Stores for implementation of online VEMAS & STOINS - Fixing of cable wire and line drivers - Reg.

-oOo-The ED(MIS) & CE (IE&COMP) have taken a decision to install computer terminal at all depot stores for implementation of VEMAS & STOINS. M/s IDS,

Secunderabad had already supplied cable wire and line drivers to all depots of Ongole and Rangareddy Regions.

In this connection, you are requested to identify the shortest distance from the console room to stores room and physically get the distance measured for local purchase of PVC pipe ³/₄" dia, PVC bends, 4 way boxes, clips etc. Two PVC pipes should run parallelly from console room to stores room maintaining a distance of at least 1 feet between data cable and power line. The 320 wire supplied from stores can be utilised for power line.

This cable laying work should be completed within 3 days and informed to M/s IDS, Secunderabad (Ph.3313310) under intimation to this office (Ph.7644436) for immediate installation of line drivers and terminal in stores room of your depot.
