

ANDHRA PRADESH STATE ROAD TRANSPORT CORPORATION

Lr No AME-1(Mgr-IT)/stoins(01)/2013

O/o the VC & MD,  
Bus Bhavan,MSRD,  
Date:23-01-2013.

To,  
All Regional Managers,  
APSRTC.

Sub:-DCP: STOINS - Change of certain STOINS Module Programs-Reg.  
Ref :-Letters received from GNT-2/NZD/NRT/CPT/TNL/GNRM/GVPT-2/MGL  
Depots, regarding not tallying of non moving statement generated through  
stoins module with web generated non moving statement -Reg.

Letters are received from the above reference depots regarding differences in DCP STOINS module non-moving report with Web based Non-moving report. Accordingly Computer department has analyzed both the programs and done certain modifications in the Stoins module programs and Web based programs. The following is the procedure for implementation of modified program.

- 1) The DCP Stoins Module Programs Nonlow.cob, updtitem.cob and nonlowrr.cob are modified as per the depot requirement. The modified programs are available in RTCWAN "/DCP/TPTOBJ/stoins" directory.
- 2) The RCGs and System Supervisors are advised to download the above programs from RTCWAN "/DCP/TPTOBJ/stoins" to depot system "tptobj/stoins" directory.
- 3) The modified Web based programs also ported in "[www.apsrtcinfo.com](http://www.apsrtcinfo.com)".

During Stoins Monthly Re-organosation, the non-moving statement with modified programs will be generated and modified stoins data will be uploaded to web database and the reports can be viewed from "apsrtcinfo.com" from Feb-2013 onwards. In case of any clarification on implementation Dy.CME(SM-IT) may be contacted.

Therefore, it is requested to advise the Depot Managers of all the depots to utilize the above modified programs for smooth functioning of STOINS Module .
