Sub:- DCP-VEMAS: (TYRES)- Implementation of Web based tyres reconciliation statement - Reg.

Ref:- Lr.No. AME-1 (Mgr-IT) /Vemas(08)/2012-IT of ED (E & IT)Dt. 24.08.12.

With reference to the letter cited, to generate web based tyres reconciliation statement on 31/12/2012, training was conducted to all RCGs / System Incharges / Tyre ADC / Mechanical Incharges regarding the generation and submission of reconciliation reports and "dat" file.

It is decided to generate web-based tyre reconciliation statement by 22nd of December 2012 on trail basis. All Depot Managers are advised to arrange to submit the following "dat" file duly implementing the re-conciliation program in the depots. The procedure was given in "readme-tyrecensus.txt" file. This file is available in "RTCWAN" under /DCP/TPTOBJ/vemas/readme directory.

The "dat" file "depotcodeMMYYtce.dat" is to be submitted to "rtcwan"/ho-data directory by 22.12.2012. The report named "depotcodeMMYYtce.rpt" has to be verified by Mechanical Incharge for accuracy before sending the "dat" files.

Hence all the Regional Managers are requested to give necessary instruction to the Depot Managers to implement the software and to submit the above "dat" files by 22.12.12 to generate web based online tyres reconciliation statement.
