Sub:- SOFTWARE- Uploading of all the Circulars and important letters in www.apsrtcinfo.com website - Requested - Reg.

--oOo--

Many of the Field Managers are requesting to Computers Department to provide soft copies of all the current and previous Circulars so that they can download and take quick decisions. Some of the files are delayed because of the reference circulars not being available at depots or concerned.

Computers Department has developed new software for uploading of all Circulars and important letters pertaining to all Departments to www.apsrtcinfo.com for viewing and downloading of required Circulars for reference as and when required by the field Managers. The software is a WEB based program. The Circulars can be accessed through Internet or RTCWAN by entering subject or text in search box, select department, year and click on the search button. The Circulars are generated in the "pdf" format. The pdf format can be save to system or can be printed.

In this connection, it is to inform that the said software can be accessed through internet on the website of www.apsrtcinfo.com or URL http://183.82.99.66 under "circular" tab.

Hence, it is requested to instruct the concerned to send all the Circulars and important letters to ATM-1(M-IT) of Computers Department for uploading all the Circulars on to website.
