Dated: 5.3.2001.**

**CIRCULAR No. 6/2001-MED, DT. 5.3.2001**

**Sub :— VEHICLES:- Implementation of new colour schemes for all types of vehicles - Circular instructions issued - Reg.**

**Ref:— 1) Circular No. 5/87, dt. 12.3.87.  
2) Circular No. 19/91-MED, dt. 4.5.1991.**

Instructions were issued vide reference (2) cited regarding colour schemes as per the IS shade to be followed for various types of buses.

As the existing colour schemes have become monotonous, new colour schemes for various types of buses have been developed as a part of marketing strategy to give elegant appearance of the bus.

After careful examination of various colour schemes for various types of bus bodies it has been decided to adopt the new colour schemes for which details are furnished in the annexure enclosed.

Chief Controller of Stores is advised to take immediate action for procurement of paints as per the following specifications.

- 1) First quality paints from standard manufacturers of paints, which are superior to IS specifications for new vehicles.
- 2.a) For complete overhaul/FC vehicle, the paint should confirm to ASRTU specification AS:256:58:Oct'98 which are superior to IS:2932 -1993 for exterior paints duly insisting for RSDO approval certificate
- 2.b) For interior painting, paints should confirm to ASRTU specification AS: 155:58:Oct'98 which are also in conformity with IS: 133-1975 specifications.

CME (C & B) is advised to ensure the implementation of revised colour schemes both at BBW, Miyapur and local/out-side bus body fabrication units, with immediate effect.

All the Depot Managers/Dy. CMEs/Works Managers are therefore advised to note the above changes in the colour scheme for all types of vehicles and strictly adhere to the new colour scheme as and when the buses are drafted for CO/SR in the workshop and for Fitness Certificate renewals at depots.

These instructions supersede all the earlier circular instructions issued on the Bus Body Colour schemes.
