CIRCULAR NO. 13/2003 - MED DT.23.05.03

SUBJECT:- COLOUR SCHEME - Painting of Front and Rear bumper with black paint - Modification of colour scheme for front and rear bumpers - Reg.

* * *

In the Corporation front and rear bumpers of buses, irrespective of their type are painted with black colour. Motor Vehicle Acts does not specify any particular colour scheme for painting of bumpers.

It is observed that most of the private buses do not have bumpers painted in black, but have the same colour of the body painted on the bumpers. This gives a pleasing appearance to the onlookers besides uniformity in colour pattern. In contrast our buses with black bumpers are giving a shabby look and the general appearance of the bus, though painted in attractive colour schemes on the body, is lost on account of black colour of bumpers.

In view of the above, it is decided that henceforth the front and rear bumpers of buses, wherever applicable, shall be painted in the same colour as the body so as to have uniformity in colour scheme besides giving a good appearance.

All the DMs are therefore, instructed to take immediate action to paint the bumpers on all types of buses, as applicable, with the same colour available on the body and report compliance.

The DVMS & RMs are advised to ensure the implementation of the above instructions at all the Depots in their jurisdiction.

The COSs of Zones are advised to procure and supply sufficient quantity of paints required to implement the above instructions.
