SUB: **OIL & GAS CONSERVATION FORTNIGHT**:- Celebration of Oil & Gas Conservation Fortnight from 16.01.2006 to 31.01.2006 - Instructions issued - Reg

### **1. INTRODUCTION:**

The Ministry of Petroleum and Natural Gas, Government of India, has decided to observe " OIL & GAS CONSERVATION FORTNIGHT " from 16.01.2006 to 31.01.2006 throughout the country with the objective of strengthening the oil conservation movement. The slogan for this year is " SAVE OIL & GAS FOR BETTER TOMORROW ". In view of depleting stocks of petroleum products in the world, the conservation of petroleum products assumes global importance. With widening gap between the national demand and supply from indigenous sources, conservation of petroleum products has assumed great national importance. ***APSRTC spends nearly 34% of its total revenue on HSD oil alone.*** Hence oil conservation is a matter of great significance to our Organisation to reduce the cost of operation.

For more than a decade, our organisation is vigorously implementing oil conservation measures. The success of our efforts is reflected in continuous improvements in HSD & LUB KMPL from year to year.

The education and motivation of all our employees about the need for oil conservation is a continuous process. During Oil Conservation Fortnight, all our efforts have to result in reinforcement of the message of conservation of oils.

### **2. PROGRAMMES DURING OIL CONSERVATION FORTNIGHT:**
