Vide letters at reference, all Regional Managers were advised to provide First Aid Box with medicine in all the buses of the Corporation duly obtaining the required First Aid kits from respective zonal stores.

Accordingly, all Regional Managers have furnished compliance after providing First Aid Boxes with kits in all buses of the Corporation and some Regions informed that First Aid kit is supplied with the Service Conductor instead of keeping them in First Aid box.

But, it is observed that social media is highlighting the non availability of First Aid kits in the First Aid Boxes provided in the buses. Probably this is due to non-awareness of the public regarding providing the First Aid kits with Service Conductor. However, it is our responsibility to enlighten the passengers on availability of First Aid kit with Service Conductor.

Hence, all Regional Managers are advised to exhibit a Sticker "**First Aid kit is available with the Service Conductor/Service Driver**" in the buses where the First Aid kits are made available with the Service Conductors/Service Driver instead of keeping them in First Aid boxes and report compliance by 27.12.2021.
