No: OP4/760(oils)/2011-MED

Date:10-01-2013

Sub : MAINTENANCE - Usage of recommended grade Engine oil and genuine Air Filters, Engine oil filter and Fuel Filters on Tata Vehicles - Certain instructions issued - Reg.

- Ref: 1) Circular No.34/2011-MED, dt.16.09.2011
2).Circular No. 29/2009-MED, Dt 24.12.2009
3). Circular No.03/2011-MED, dt.07.03.2011
4). Tata Service Circular No.SI/2011/08, July-2011
5) DM/RNG-II Case No.O1/843(1)/2012- RNG II

Vide Circular No.34/2011-MED, dt.16.09.2011, it has been instructed to use recommended grade engine oil (SAE 15w40 API CI4) and Venturi combo Engine Oil filter (LF9028) for Tata BS-III Cummins engines based on the recommendations of M/s Tata Motors Ltd.

But it is learnt from the reports of M/s Tata Motors Ltd that non-genuine Air filters, Oil filters and Fuel filters are being used for TATA BS-III vehicles whereby the warranty claims are being rejected.

In this regard, a decision has been taken to use only OE/ OE approved Air filters, Fuel Filters & Engine oil filters for all Tata vehicles which are under warranty period so as to avoid warranty litigations.

The Depot Managers are therefore advised to use only Genuine OE/ OE approved Air Filters, Fuel Filters & Engine oil filters for TATA BS-III vehicles which are under warranty.

The Controllers of Stores are advised to procure & supply the OE/ OE approved Air filters, Engine oil filter and Fuel Filters to the Depots.

EXECUTIVE DIRECTOR (E&IT)

To
All Depot Managers for necessary action.
