

ANDHRA PRADESH STATE ROAD TRANSPORT CORPORATION

No. M/804(1)/99-OPD (M)

Office of the VC & MD,
Mushirabad: Hyderabad.

CIRCULAR NO. 02/99 OPD (MARKETING) DATED 12.01.1999

SUB : PASSENGER FRIENDLY MEASURES - Free travel facility in long distance District services originating from peripheral points of twin cities.

- o O o -

A facility of travelling free of cost before two hours of departure of the service, in all types of City services on the strength of advance reservation tickets purchased for long distance District Services was provided at Hyderabad and Secunderabad (Twin Cities) some time ago. This facility was introduced with a view to attract long distancing travellers, who were being weaned away by Private Operators.

There is a proposal to extend such free travel facility to travel by the long distance District Buses originating at peripheral points also in the Twin Cities.

Therefore, it is decided to extend such free travel in all types of long distance District Services also originating from the peripheral places of twin cities on the strength of advance reservation ticket purchased by long distance passengers.

However, this facility is not applicable in District Services i.e. the services which are originating at some other point of the District and is only passing through the peripheral points of twin cities.

To illustrate:- A passenger who has purchased advance reservation ticket to travel from IBS to Eluru can undertake journey from KPHB to IBS in a district bus which is originating either at BHEL or from KPHB free of cost upto IBS and can switch over to his reserved service from IBS to Eluru. But he can not perform journey in a district bus coming from Sangareddy to IBS or Zahirabad to IBS.

All the Managers who are operating long distance services from the peripheral points of Twin Cities are advised to note these instructions, record in the relevant MTD 141 cards for operating crew to allow advance reserved ticket holder to travel by any bus from the peripheral point upto the main Bus Station either, Jubilee Bus Station or Imlibun Bus Station as the case may be.
