Instructions were all ready issued to provide Return Journey ticket with 10% concession facility to all Indra AC services for improving the services performance, vide reference cited.

At present, 93 Garuda schedules are being operated on various interstate and intrastate routes. In addition to this, 41 Multi axle AC buses are recently deployed to the depots for operation with brand name "GARUDA PLUS".

There is stiff competition from private operates on the routes on which Garuda/Garuda Plus buses are plying. To improve the performance of Garuda/Garuda Plus services and to increase the patronage of passengers, it is decided to provide the facility of Return journey ticket with 10% concession for all Garuda/Garuda Plus services. With this facility if a passenger book tickets for both up & Down journeys at a time he/she will get 10% concession on the Return journey fare.

Therefore, you are advised to bestow your personal interest in implementing the above instructions for improving the performance of Garuda /Garuda Plus services and report compliance
