Instructions were issued through this office letters cited, on recovery of Union Membership Subscription for the Year 2015 and remittance to the respective Unions through Bank. It was stipulated in the letter 1st cited that **if the authorization letter is given by any employee(s) to more than one Union, such authorization letters shall be kept aside, without effecting recovery in favour of any Union.**

However, some of the Units are seeking clarification that whether the instructions issued, on the authorization letter given by any employee to more than one Union, such authorization letters shall be kept aside, without effecting recovery in favour of any Union, are made applicable only in respect of the Unions communicated through the letter 1st cited or otherwise.

It is needless to say in each and every time and in respect of every Union to observe the condition that "If the authorization letter is given by any employee(s) to more than one Union, such authorization letters shall be kept aside, without effecting recovery in favour of any Union.

It is, therefore, to clarify that once the authorization letter is given by an employee in favour of any Union for a particular period, his further authorization that was given for the same period infavour of any other Union(s) to recover the Union Membership Subscription shall not be entertained and such authorization letters that were given to more than one Union, shall be kept aside without effecting recovery. The said clause applies to all Unions irrespective of number of circulars issued on the subject at different points of time.

The above rule applies to all those applications that were received including the applications kept aside for the reason of dual or multi Union Membership Subscription.

Necessary action may be taken accordingly.
